Program Overview

The AmeriCorps Ohio College Guides is a partnership between the Ohio Commission on Service and Volunteerism (ServeOhio) and like-minded college access organizations across the state including: Cincinnati Youth Collaborative, College Now Greater Cleveland, Connect to Success at Washington State Community College, Esperanza Inc., I Know I Can, Mahoning Valley College Access Program, Ninde Scholars Program, Scholarship Central and Stark Education Partnership.

The AmeriCorps Ohio College Guides program maintains that all students and families deserve equal access to educational opportunities. The goal of the College Guides is to ensure that all Ohioans, especially those that are typically underserved – first generation college-going, low-income, and minority – get the information and knowledge they need and deserve to prepare, access and complete a postsecondary credential. The College Guides will deliver programs and counseling on college and career exploration and financial education to 6th through 12th graders; provide support to 11th and 12th graders on strategic and tactile postsecondary access and financial planning; and facilitate successful postsecondary transitions, persistence and ongoing financial education with high school graduates.

The AmeriCorps Ohio College Guides places recent college graduates into schools and community centers to provide a pipeline of new and current information about preparing for, accessing and persisting in a postsecondary education program, ultimately striving to be a caring adult committed to motivating students and families to think seriously about the plans and goals that will lead them into an opportunity-rich future. The College Guides is a corps of driven and highly-qualified professionals getting a start in education, whom students can relate with, confide in, and eventually emulate as they are guided in planning for their future and taking constructive steps toward successful completion of their goals.

The AmeriCorps Ohio College Guides will engage a total of 70 AmeriCorps Members statewide to serve in a full-time capacity (1,700 hours in 11 months) from August 3, 2020 to June 30, 2021.
